

Union County Improvement Authority Renewable Energy Program Feasibility Survey

The Union County Improvement Authority (UCIA) is undertaking a countywide Renewable Energy Program which will be offered to interested municipalities, school districts, and local authorities. This Program will permit you as a Program participant to partner with the County and go “green”, reduce a portion of your retail electricity cost, and require no “out of pocket” costs.

Please take a few minutes to fill out this survey. You may return your completed questionnaire to Mark Brink, Project Director, UCIA, at the Union County Improvement Authority, via mail Union County Improvement Authority, 10 Cherry Street, Elizabeth, NJ 07201, by email at ucia@verizon.net or by fax at (908) 820-9874. Thank you!

I. Contact Information:

Primary Contact for this Program

School District/ Municipality:			
Contact Name/Title:			
Telephone #:		Fax #:	
E-Mail Address:			

Person completing this Survey (if different from Primary Contact)

Name/Title:			
Telephone #:		Fax #:	
E-Mail Address:			

II. Level of Interest:

- How interested would your School District/Municipality be in having a more detailed technical assessment done by the UCIA to help assess whether your facilities are eligible for solar photovoltaic system installation?
 Very Interested Possibly Interested Not Interested
- If your School District/Municipality is not interested in having this technical assessment done, **STOP** here.

III. Past Renewable Energy Activity:

- Has your School District/Municipality previously considered the use of solar photovoltaic technology (solar panels) to help offset electricity costs? If Yes, please answer a., b., and c.

Yes No Not Sure

- a. Have you considered the use of solar technology in any currently planned facilities projects?

Yes No Not Sure

- b. Have you talked with a vendor, architect, or engineer about the use of solar technology?

Yes No Not Sure

- c. Have you received a proposal for the installation of solar technology for any of your buildings?

Yes No Not Sure

IV. Facility Electrical Costs and Repairs

- Do you have access to monthly electric bills for the past year for your facilities?

Yes No Not Sure

- Is the School District/Municipality considering any roof or HVAC repairs/renovations in the next 1-2 years?

Yes No Not Sure

V. Facility Information:

- Please list all buildings that you would like us to consider for the installation of solar panels. To help guide your facility selection, the best candidates have southern exposure, no shading, sufficient roof space, and so forth. Include the name or type of facility, address, size of building in square feet, age of roof, and type of roof if known (i.e., built up, metal standing seam, single ply, etc.). If unsure whether your facilities are good candidates for the use solar technology, list all buildings:

Facility Name or Type: <hr/> Address: <hr/> Sq. Feet: Age of Roof: <hr/> Type of Roof (if known): <hr/>	Facility Name or Type: <hr/> Address: <hr/> Sq. Feet: Age of Roof: <hr/> Type of Roof (if known): <hr/>
--	--

Facility Name or Type: <hr/> Address: <hr/> Sq. Feet: Age of Roof: <hr/> Type of Roof (if known): <hr/>	Facility Name or Type: <hr/> Address: <hr/> Sq. Feet: Age of Roof: <hr/> Type of Roof (if known): <hr/>

---	--

VI. Other Renewable Energy Technology Interest:

- Does your School District/Municipality have interest in the use of other Renewable Energy technology, such as wind devices, hydro-power, and geothermal, to help offset electricity costs?
Yes No Not Sure

VII. Other Comments or Questions:

Thank you for participating in our feasibility survey! *Please submit your completed survey via email or fax by February 15, 2010 to:*
